Available sizes UK 3 – 12, Extra large sizes UK 13 / 14 / 15

330007

HAIX® Climate System

HAIX® Vario Wide Fit System

Upper Material

Velour leather/textile combination.

Inner Lining

GORE-TEX® Extended; waterproof and highly breathable. Abrasion-resistant lining with optimized climate comfort, especially for flexible alternating inside and outside use.

Insole

Comfortable, cushioning, moisture repellent. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels.

Running sole

Made of rubber; fuel-oil and heat resistant as well as cold insulating compliant with EN ISO 20347:2012, non-marking and self cleaning.

HAIX® Anti Slip

Excellent grip on a variety of terrains, even in the cold due to specific outsole design and use of special rubber.

Durable Sole

Rubber mixture for long durability.

Midsole

Elastic two-layer PU midsole, lightweight, cushioning effect. Stabilization zone for optimal pressure distribution on uneven terrain.

HAIX® Climate System

The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – warm air is released through the Micro-Dry lining at the top of the boot leg.

Dynaframe

HX design element made of flexible and tear-resistant PES reinforced material. Perfectly covers the midfoot area and transfers traction forces of the lacing elements. The heel clip stabilizes the rear foot.

Stabilizer

Asymmetrical PU for stabilizing the heel.

HAIX® Smart Lacing

Smooth and non-pressure adjustment of the boot to the foot, quick lock and lace pocket.

HAIX® Vario Wide Fit System

The fit can be individually perfected with three different thickness insoles. By default, the shoe comes with a red insole in medium thickness. Yellow (thinner) or blue (thicker) insoles can be ordered separately.

Others

Light weight, rear puller, closed lacing system, toe protection, metal free, anti-static, suitable for fast rappelling, very non-slip sole in wet and cold conditions, durable cushioning effect.

Safety notice

These shoes have been manufactured for your safety and to protect your health during professional use.
