

# AIRPOWER®

## R22 MID

Art. No. 607805

### CE EN ISO 20345:2011 S3 HRO HI CI SRC

Leather thickness 2,0 – 2,2 mm, leather inner liner,  
leg height 13,5 cm, antistatic, sole 013

Available sizes EU 39 – 47, Extra large sizes EU 48

607805

Leather liner inner

HAIX® AS System

#### Upper Material

Waterproof leather, hydrophobic,  
breathable, 2,0 – 2,2 mm thick

#### Inner lining

High quality leather

#### Insole

TEXON (fleece) insole absorbs moisture  
and supports ankle.

#### Foot bed

Anatomically formed, exchangeable,  
washable, very good moisture absorption,  
dries quickly.

#### Protective Toe Cap

Anatomically formed protective toe cap.

#### Protective Throughsole

Flexible protective midsole.

#### Sole

Rubber/PU sole with robust street tread,  
superior bending comfort, highly wear re-  
sistant, non-slip traction - even in cold  
weather. The low-weight PU, impact-absorb-  
ing wedge ensures outstanding walking  
characteristics. Very good insulation from  
cold. The sole is resistant against heat, oil  
and gasoline resistant, non-marking.  
Compliant with EN ISO 20345:2011

#### HAIX® AS System

The HAIX® Arch Support System supports  
the natural curvature of the foot. Toes and  
joints have thereby sufficiently more space.  
Keeps foot in the best position for optimal  
foot health.

#### Sun Reflect

Reduces the heating effect of the upper  
leather by direct sunlight. Sunlight is  
reflected by the leather, keeping the leather  
and the feet cooler.

#### Others

Easy running lacing elements of high  
quality, reinforcement in the toe area.
